**District Reports**

No news from districts present (4, 3, 2)

**Old Business**

- District Events: something easy to do in each district (driveway cocktail hour, something easy, \$100 budget (suggestion), byo-side item).
- Voted via email and was approved to buy the smoker-need to make some policies re: use. Stored at Stephen Johnson's house. Use for neighborhood events (not personal events), clean it before you bring it back, responsible for any damages. Is there any budget for propane, return it with propane or make it known if the propane is low.

**New Business**

- Promotion of business meetings: people are allowed to come to the business meetings should we advertise that they can come?
- Speaker for Sept general meeting: Kellin Foundation
- 2024-2025 Budget: recommend change t-shirts from \$2,000 to \$3,200, adding \$100 for propane, will track in-kind donations for budgetary accuracy. Budget voted on and approved.
- Website-Maury: looking at wix or square space for website platform. Do we want to keep the email forwarding emails? If so, this will be a larger expense. Do a free gmail email (FREE), do we really need all of these emails or can we pair it down to 3 or 1?, August 30<sup>th</sup> of this year is when our current website will stop being managed.

If time allows: Memorial Trees (tabled to next meeting)
